A SILLY SAYING.

"It is a common but silly opin ion prevailing among a certain class of people that the worse a remedy tastes, smells or hurts, the more efficacious it is." So says a well-known English physician. He further adds: "For example, let us consider cod liver oil. As it is extracted from the fish this oil is so offensive to the taste and smell that many cannot use it at all, ne matter how badly they need it. Yet cod liver oil is one of the most valuable drugs in the world and it is the greatest pity that we have not thus far been able to free it from those peculiarities which so seriously interfere with its usefulness." This was written years ago; the work of civilizing and redeeming it has since been triumphantly accomplished; and as a leading ingredient in the remedy called WAMPOLE'S PREPARATION the oil retains all its wonderful curative properties with no bad smell or taste whatever. It is palatable as honey and contains all the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh coa livers, combined with the Compound Syrup of Hypophos phites and Extracts of Malt and Wild Cherry; creating a medicine of unequaled power for the diseases most prevalent and fatal among men, women and children. There is no other remedy to compare with it. It increases the digestive power of the stomach and in Blood Impurities, Throat and Lung Troubles, Nervous Dyspepsia and Scrofulone Affections it gives quick and certain relief and cure. Dr. G. C. Shannon, of Canada, says: ed, and have advised persons needing such a preparation to get your remedy "i shall continue its use with, am sure, great advantage to my patients and satisfaction to myself." Has all the virtues of rod liver oil; none of its faults.
